### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Reasons for allowance are discussed in the record, for example, in the interview summary of 9 August 2006, and in the remarks of 24 August 2006. The commonly-owned patent of Farnworth et al. is cited, because there are some features in common with the invention taught here. For example, Figure 1I shows a backside polymer layer, thermosetting (but not necessarily flowable), and this layer is formed after the dies are separated from one another in the step of figure 1H.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
